

MetroWest residents waiting for answers to questions about developer

Rich McKay Sentinel Staff Writer

July 12, 2009

Is **Kevin Azzouz** still the developer of the MetroWest Master Association?

Sentry Management Inc. sent a notice to residents before July Fourth, calling for a meeting to introduce the new developer, Carl Shakarian of Boca Raton. After residents raised questions, the meeting was canceled. And residents of the 1,800-acre development haven't received answers.

No legal paperwork has been filed with Orlando. Shakarian said two weeks ago that he would make a statement soon.
